

1. Take a sentence as an input and reverse every word in that sentence.
Example – This is a Sunny day > shiT si a Yunnus yad.(Using JavaScript)

PROGRAM

```
const str = 'Hello World how are You';  
const reverseSentence = str => {  
  const arr = str.split(" ");  
  const reversed = arr.map(el => {  
    return el.split("").reverse().join("");  
  });  
  return reversed.join(" ");  
};  
console.log(reverseSentence(str));
```
